1. Corporate Information

Voxtur Analytics Corp. (the "Company") is a real estate technology company which specializes in the real estate finance lifecycle. The Company offers automated workflows and targeted data analytics to simplify property valuation, default solutions, tax solutions and title and settlement services for investors, lenders, government agencies and mortgage servicers. The Company's proprietary data hub and platforms value assets, service loans, securitize portfolios and evaluate tax assessments. The Company serves the property lending and property tax sectors, both public and private, in the United States ("US") and Canada.

The Company's registered office is located at 543 Ridout Street N, London, Ontario, Canada.

The Company's shares are traded in Canada on the TSX Venture Exchange ("TSX-V") under the symbol VXTR and in the US on the OTCQB under the symbol VXTRF.

2. Basis of Presentation

(a) Going concern uncertainty

Throughout 2020 and 2021, the Company was impacted by the global COVID-19 pandemic and specifically the moratorium on foreclosures under the CAREs act. The moratorium was lifted for all foreclosures as of December 31, 2021. Since 2022, the Company has seen a gradual return to pre- pandemic levels for mortgage defaults and default related valuation, title, and settlement volumes. During this same time period, volumes related to purchase closings and refinance have decreased due to the increase in interest rates coupled with higher inflation, housing costs and limited housing supply. To date, the volume reduction from purchase closing and refinance work have exceeded the volume increase from the default ramp up.

As a result of these events or conditions, there exists a material uncertainty that casts significant doubt about the Company's ability to continue as a going concern and, therefore, realize its assets and discharge its liabilities in the normal course of business for at least the next twelve months.

In order to continue as a going concern, the Company will be required to attain its projected cash flows through achievement of successful integration of its business acquisitions, its planned growth initiatives, to obtain continued support from its lender or to raise additional financing through the sale of its debt and equity securities, and/or disposition of non-core assets.

The Unaudited Condensed Interim Consolidated Financial Statements ("Interim Financial Statements") have been prepared on a going concern basis, which assumes the Company will continue its operations in the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the ordinary course of business. The Company incurred a net loss from continuing operations of $7,408 and $17,209 during the three and nine months ended September 30, 2024 (three and nine months ended September 30, 2023 –$4,780 and $26,262). As at September 30, 2024, the Company had an accumulated deficit of $349,025 (as at December 31, 2023 - $325,113) and a working capital deficiency of $9,791 (as at December 31, 2023 - $34,633).

The Interim Financial Statements do not include any adjustments to the carrying values and classification of assets and liabilities and reported expenses that may be necessary if the going concern basis was not appropriate for these Interim Financial Statements. These adjustments could be material.

As at September 30, 2024, the Company was not in compliance with its financial covenants with respect to its credit facilities. The Company does not have an unconditional right to defer its settlement of the term loans payable for at least twelve months from September 30, 2024, without obtaining a "cure" to the covenant violation. Therefore, in accordance with IFRS, the Company classified the non-current portion of credit facilities, in the amount of $29,623, as a current liability. In October 2024, amendments to the Company's credit agreement (the "Amendment") were executed, which waives breaches of covenants that existed prior to the date of the Amendment, and establishes revised covenants, as discussed in Note 22.

(In thousands of Canadian dollars, except per share amounts)

(b) Statement of compliance

These Interim Financial Statements have been prepared in accordance with IAS 34, Interim Financial Reporting as issued by the International Accounting Standards Board ("IASB"). The notes presented in these Interim Financial Statements include only significant changes and transactions occurring since the Company's last year end and are not fully inclusive of all disclosures required by International Financial Reporting Standards ("IFRS") for annual financial statements. These Interim Financial Statements should be read in conjunction with the Company's annual audited consolidated financial statements as at and for the year ended December 31, 2023, which are available on SEDAR+.

These Interim Financial Statements for the three and nine months ended September 30, 2024 and 2023 were authorized for issuance by the Board of Directors of the Company on November 28, 2024.

(c) Consolidation

The Interim Financial Statements comprise the subsidiaries presented below.

Subsidiary[1]	Voting Securities	Jurisdiction of Incorporation	Year End	Functional Currency

Notes:

1. Subsidiaries are legal entities controlled by the Company. Control exists when the Company has power to direct the relevant activities of an entity and is exposed to or has rights to variable returns from its involvement with the entity. In certain circumstances, the Company may have control over an entity in

which it does not own more than 50% voting interest. In making this determination, the Company considers all relevant facts and circumstances in assessing whether it has power over the entity including rights arising from contractual arrangements that allow the Company to direct the relevant activities and be exposed to variable returns of the entity, among other considerations.

2. Clarocity Inc. owns 100% of the voting securities of each of Voxtur Valuation, LLC (previously known as Clarocity Valuation Services, LLC), a Kansas limited liability company, and Valuation Vision Inc., a California corporation (together, "Clarocity Group"), and owns 100% of the voting securities of iLOOKABOUT (US) Inc, a Delaware corporation. Each of these subsidiaries have a December 31 year end.
3. As required under the Law Society Act (Ontario) and applicable regulations, MTAG Paralegal Professional Corporation is a separate professional corporation. While the Company does not have any voting rights in this entity, the Company controls the entity through contractual arrangements. MTE Paralegal Professional Corporation is wholly owned by MTAG Paralegal Professional Corporation.
4. Voxtur Analytics US Corp owns 100% of the voting securities of RealWealth Technologies LLC, Voxtur Services LLC (previously known as Xome Services, LLC), Appraisers Now US LLC, Voxtur Settlement Services LLC (previously known as BrightLine Title LLC), Voxtur Technologies US Inc., Voxtur Data Services, Inc. (previously known as Benutech Inc.) and Blue Water Financial Technologies Holding Company, LLC. See note 4 – Disposal with respect to Voxtur Services, LLC and Voxtur Appraisal Services, LLC.
5. Blue Water Financial Technologies Holding Company, LLC owns 100% of the voting shares of each of Blue Water Financial Technologies Services, LLC, a Minnesota limited liability company, and Blue Water Financial Technologies, LLC, a Delaware limited liability company. Each of these subsidiaries have a December 31 year end. See note 22 – Subsequent Events and Note 4 – Disposal with respect to Blue Water Financial Technologies Holding Company, LLC, Blue Water Financial Technologies Services, LLC and Blue Water Financial Technologies, LLC.

(d) Basis of measurement

These Interim Financial Statements are prepared mainly on the historical cost basis, except for the investment, derivative financial instruments and contingent consideration which are measured at fair value. Assets and liabilities acquired in a business combination are measured at fair value at the date of acquisition.

The Interim Consolidated Statements of Loss and Comprehensive Loss are presented using the functional classification for expenses.

(e) Functional and presentation currency

These Interim Financial Statements are presented in Canadian dollars ("CAD"), which is the Company's presentation currency. Functional currency is also determined for each of the Company's subsidiaries, and items included in the financial statements of the subsidiary are measured using that functional currency.

3. Material Accounting Policies

These Interim Financial Statements follow the same accounting policies and methods of application as the consolidated financial statements as at and for the year ended December 31, 2023.

(a) New accounting pronouncements:

The Company has reviewed new and amended accounting pronouncements that have been issued but are not yet effective and determined that there are no such pronouncements that may impact the Company. Except as noted below, there were no new accounting standards or interpretations adopted in the year:

Amendments to IAS 1 and IFRS Practice Statement 2:
On February 12, 2021, the IASB issued "Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)" with amendments that require companies to disclose their material accounting policy

information, rather than their significant accounting policies. Also, guidance is provided on how to apply the concept of materiality to accounting policy disclosures. The amendments are effective for annual periods beginning on or after January 1, 2023. Earlier application is permitted. Adoption of these amendments did not have a material impact on the Company's consolidated financial statements.

Amendments to IAS 8 – Accounting policies, changes in accounting estimates and errors:
On February 12, 2021, the IASB issued "Definition of Accounting Estimates (Amendments to IAS 8)" to help entities to distinguish changes in accounting policies from changes in accounting estimates. Changes in accounting estimates are applied prospectively only to future transactions and other future events, but changes in accounting policies are generally also applied retrospectively to past transactions and other past events. The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. Adoption of these amendments did not have a material impact on the Company's consolidated financial statements.

(b) Future accounting pronouncements

IAS 18 - Presentation and Disclosure of Financial Statement:
In April 2024, the IASB issued the new standard IFRS 18 - Presentation and Disclosure of Financial Statements. This standard aims to bring more transparency and comparability to the financial performance of companies, enabling investors to make better investment decisions. IFRS 18 introduces three sets of new requirements: improved comparability of the profit or loss statement (statement of income), improved transparency of management-defined performance measures, and more useful grouping of information in financial statements. IFRS 18 will replace IAS 1 - Presentation of Financial Statements. This standard becomes effective for years beginning on or after January 1, 2027, and companies may apply it earlier subject to authorization by relevant regulators. The Company is assessing the impacts to ensure that all information complies with the standard.

(a) Term Loan B

Term Loan B was granted under the Business Credit Availability Program ("BCAP"). The BCAP is a standardized guarantee program offered by Export Development Canada in response to the COVID-19 pandemic. With respect to Term Loan B, the Company has drawn $2,000. Proceeds net of transaction costs were $1,970. The Company paid interest only for the first twelve months of the term, and thereafter shall pay interest and monthly principal repayments of $42 based on amortization over four years. Pricing is set at Canadian Prime Rate plus 5.0% per annum. Effective interest of $17 and $64 was recognized during the three and nine months ended September 30, 2024 (three and nine months ended September 30, 2023 - $36 and $115). The maturity date of Term Loan B is October 1, 2025.

(b) Term Loan C

Term Loan C was established in February 2021. With respect to Term Loan C, the Company has drawn $27,000. Proceeds net of transaction costs were $26,413. In September 2022, in connection with the establishment of Term Loan D, noted below, Term Loan C repayment terms were revised. For the first six months, commencing September 2022, the Company paid interest only. Thereafter, the Company was to make principal and interest payments, with such principal payments being equal to $500 per month. Pricing is set at Bank of Montreal's Prime Rate plus 4.0% per annum. Effective interest of $nil was recognized during the three and nine months ended September 30, 2024 (three and nine months ended September 30, 2023 - $612 and $1,790). The maturity date of this facility is September 2025, however, in November 2023, the Company fully repaid the then outstanding balance of Term Loan C, except for an exit fee of $530.

(c) Term Loan D

Term Loan D was established in September 2022. With respect to Term Loan D, the Company has drawn $40,491 CAD ($30,000 USD). Proceeds net of transaction costs were $39,372 CAD. Principal amounts under this term facility shall amortize over eight years. The Company paid interest only for the first six months of the term. Thereafter, the Company is required to make interest and principal payments, with such principal payments being equal to $375 USD per month. Commencing in April 2023, the Bank of Montreal provided for deferral of principal payments. As at September 30, 2024, deferred principal payments with respect to Term Loan D totaled $8,616 ($6,375 USD). Under the terms of the loan, at maturity in September 2025, the Company will repay the full remaining principal balance. Pricing is set at Bank of Montreal's US Prime Rate plus 4.0% per annum. Effective interest of $1,174 and $3,501 was recognized during the three and nine months ended September 30, 2024 (three and nine months ended September 30, 2023 - $1,431 and $4,204). In November 2023, the Company repaid $3,817 ($2,811 USD) of the principal of Term Loan D.

(d) Revolving credit facility

The Company has a revolving credit facility (the "CAD Operating Facility") of $1,500 under which the availability of funds is subject to certain limitations based on accounts receivable and certain accounts payable. Interest is set at the Bank of Montreal's Prime Rate plus 2.5% per annum. Under this facility, the Company had drawn a total of $1,263 cash and has an outstanding letter of credit in place for $487 (USD$360), as at September 30, 2024 (as at December 31, 2023 - $1,000 cash and $477 in the form of a letter of credit). Effective interest of $26 and $75 was recognized during the three and nine months ended September 30, 2024 (three and nine months ended September 30, 2023 - $32 and $60).

In April 2024, amendments to the Company's credit agreement dated September 21, 2022, were executed, which provided for an additional USD revolving credit facility (the "USD Operating Facility"). Interest is set at the Bank of Montreal's US Prime Rate plus 2.0% per annum. Under this facility, the Company had drawn a total of $6,758 (USD$5,000) as at September 30, 2024 (as at December 31, 2023 - $nil). Effective interest of $125 and $132 was recognized during the three and nine months ended September 30, 2024 (three and nine months ended September 30, 2023 - $nil).

The credit facilities contain customary financial and restrictive covenants and are secured by assets of the Company and its subsidiaries, which primarily consists of intellectual property and accounts receivable.

As at September 30, 2024, the Company was not in compliance with its financial covenants with respect to its credit facilities. The Company does not have an unconditional right to defer its settlement of the term loans payable for at least twelve months from September 30, 2024, without obtaining a "cure" to the covenant violation. Therefore, in accordance with IFRS, the Company classified the non-current portion of credit facilities, in the amount of $29,623 as a current liability. In October 2024, amendments to the Company's credit agreement (the "Amendment") were executed, which waives breaches of covenants that existed prior to the date of the Amendment and establishes revised covenants, as discussed in Note 22.

11. Preferred share liability

In October 2022, the Company issued 4,081,632 Series 2 Preference Shares ("Preference Shares") at a subscription price of $0.98 per share. These Preference Shares are fully paid, have no par value, and have the same voting rights as Common Shares. They carry a cumulative dividend of 12% per annum and are convertible into Common Shares at the option of the holder, subject to certain conversion requirements.

The key terms of the Preference Shares include the following:

- Redeemable after the third anniversary of issuance at the option of the Company at a Redemption amount of $0.98 per share plus accrued and unpaid dividends;
- Fixed and cumulative dividends at a rate of 12% per annum. Dividends shall be paid as and when declared by the Board of Directors, or the cumulative balance can be converted to Common Shares, at the option of the Company, at the market price of the Common Shares the day before the conversion right is exercised. All accrued and unpaid dividends shall accumulate and compound quarterly until paid, whether or not declared by the Board of Directors;
- Convertible to Common Shares at the option of the holder at a conversion price of $0.98 at any time within the first five years of issuance; and
- Automatically convert to Common Shares if the volume weighted average price of the Common Shares on such date, as calculated based on the 20 trading days prior to such date, is at a 10% premium or more than the conversion price of $0.98.

The liability component of these shares was recognized initially at a fair value of $3,779 net of transaction costs of $58. The fair value was determined based on the present value of the contractual principal and dividend payments to the initial redemption date, using a discount rate of 13%, being the market rate applicable to a non-convertible financial instrument at the date of issuance. Subsequent to initial recognition, the liability component will be accreted to the initial redemption date of the Preference Shares through the recording of an accretion expense using the effective interest method.

The equity component, representing the conversion option, was recognized at the fair value of $160 net of transaction costs of $2 in the conversion option reserve.

As at September 30, 2024, accrued but unpaid dividends with respect to the Preference Shares totaled $1,051 (as at December 31, 2023 - $622) and are included in accounts payable and accrued liabilities in the Interim Financial Statements.

13. Related party transactions

Consulting Services:

To provide for ongoing support and development of certain software purchased from Yeoman & Company Paralegal Professional Corporation ("YCP"), in December 2014, the Company entered into a consulting agreement with YCP ("Consulting Agreement") that expires in December 2034. The Consulting Agreement provides for an annual base fee of $265, with annual increases in line with any increases in the Consumer Price Index, plus 15% of consideration received by the Company from end customers (the "YCP Fees") for use of this software. For the three and nine months ended September 30, 2024 the Company incurred YCP Fees of $84 and $291 (three and nine months ended September 30, 2023 – $84 and $303) under the Consulting Agreement, which was included in direct operating expenses and technology and operations expense in the Unaudited Condensed Interim Consolidated Statement of Loss and Comprehensive Loss. Two of the principals of YCP are the sons of a Director of the Company. As at September 30, 2024, outstanding amounts payable related to these agreements totaled $125 (as at December 31, 2023 - $32) and is included in accounts payable and accrued liabilities.

Service Agreements:

Effective in February 2021, the Company has entered into various service agreements (the "Support Services Agreements") with James E. Albertelli PA and affiliates, (collectively, "the JEA Group") to provide real estate technology development and support, and non-legal default services for an initial term of twenty-five years, with an automatic extension for an additional twenty-five years. The Company also provided title and settlement services to the JEA Group.

One of the principals of the JEA Group, Mr. James Albertelli was the Chief Executive Officer and a Director of the Company. As of April 13, 2023, Mr. Albertelli stepped down from his roles as Chief Executive Officer and a Director of the Company. Therefore, subsequent to April 13, 2023, the JEA Group is no longer a related party of the Company.

On January 1, 2023, the Company executed a promissory note with the JEA Group for the then outstanding balance of fees owed by the JEA Group to the Company under the Support Services Agreements. On February 15, 2023, the Company completed the sale of the promissory note to a third-party for cash proceeds of $10,430 ($7,818 USD).

Concurrently with the execution of the promissory note, the Support Services Agreements were amended to reflect the implementation of enhanced default technology developed by the Company, and to revise the fee structure from a cost-plus model to a per file technology fee model, whereby the JEA Group pays a fee for each file it processes using the Company's technology. The Company also generates fees from the JEA Group for technology support services, which fees are based on a fixed fee per user supported.

For the three and nine months ended September 30, 2024, with respect to these agreements, the Company recorded related party revenue of $nil (three and nine months ended September 30, 2023 - $50 and $1,091). As at the time that the JEA Group ceased to be a related party, outstanding amounts receivable totaled $1,517, for which a full expected credit loss has been recorded (as at December 31, 2023 - $1,517).

The Company has also entered into agreements with the JEA Group for (i) space sharing, for the use by the Company of a portion of JEA Group's premises, equipment, furniture and improvements; and (ii) sublicensing of software by the Company from the JEA Group. With respect to these agreements, the Company incurred related party expenses for the three and nine months ended September 30, 2024 of $nil (three and nine months ended September 30, 2023 - $nil and $995) and is included in the consolidated interim statement of loss and comprehensive loss. As at September 30, 2024, outstanding amounts payable related to these agreements totaled $nil (as at December 31, 2023 - $45).

Rice Park Capital Management

Rice Park Capital Management is a client of the Company. A previous Director of the Company is the Managing Partner and CEO of Rice Park Capital Management. This Director resigned on March 8, 2024. Therefore, subsequent to March 8, 2024, Rice Park Capital Management is no longer a related party of the Company. For the three and nine months ended September 30, 2024 the Company recognized revenue of $nil and $13 during the period in which Rice Park Capital Management was a related party (three and nine months ended September 30, 2023 -$20 and $814). As at March 8, 2024, outstanding amounts receivable totaled $15 (as at December 31, 2023 - $20) and is included in the condensed interim consolidated statement of financial position. Subsequent to September 30, 2024, 100% of the outstanding balance was collected.

Consolidated Entity:

As required under the Law Society Act (Ontario) and applicable regulations, MTAG Paralegal Professional Corporation is a separate professional corporation. The Executive Chairman of the Company, a paralegal licensed in the Province of Ontario, is the sole shareholder of this professional corporation; however, the Company controls the entity through contractual arrangements, which also provide that all economic benefit or loss resulting from the entity will be received by the Company. MTE Paralegal Professional Corporation is a wholly owned subsidiary of MTAG Paralegal Professional Corporation.

All of these transactions, with the exception of the note receivable, are in the normal course of operations. Each of these transactions have been measured at the transaction amounts, being the amount of consideration established and agreed to by the related parties. The above noted transactions were approved by the Board of Directors of the Company.

	Number of Units
Outstanding December 31, 2023	10,502,752
Granted	342,365
Converted to common shares	(10,000)
Forfeited	(300,000)
Outstanding September 30, 2024	10,535,117

At September 30, 2024, the restricted period of 10,192,752 RSUs had expired. For the three and nine months ended September 30, 2024, the Company recorded share-based compensation expense of $7 and (37) (three and nine months ended September 30, 2023 – $127 and $369) related to RSUs granted to employees and consultants. The value of the RSUs granted was determined based on the closing share price on the date prior to the grant of the RSUs.

Performance Share Units:

A summary of the Performance Share Units ("PSUs") outstanding is presented below:

	Number of Units
Outstanding December 31, 2023	3,764,116
Converted to common shares	(1,568,382)
Outstanding September 30, 2024	2,195,734

For the three and nine months ended September 30, 2024, the Company recorded share-based compensation expense of $nil and $146 (for the three and nine months ended September 30, 2023 – $218 and $660) related to PSUs granted, which is included in selling and business development expense.

Blue Water replacement shares:

As part of the acquisition of Blue Water in fiscal 2022, the Company agreed to issue 68,792,731 common shares of the Company, as replacement share-based payment awards ("Replacement Awards") for equity-settled share-based payment awards held by employees of Blue Water. The Common shares are to be issued in three equal tranches, with the first tranche being issued immediately following the acquisition, and the second and third tranches to be issued on the first and second anniversary of the acquisition respectively. Of the total Replacement Awards, 29,517,435 were included in the calculation of consideration for the acquisition, which were fully earned as at the acquisition date. The remaining 39,275,296 Replacement Awards will be recognised as post-acquisition share-based compensation as they are earned. The expense and corresponding increase in contributed surplus in shareholders' equity are determined based on the grant date fair value of the Replacement Awards and recognized using the graded method over the period that the employees unconditionally become entitled to the awards. Upon the issuance of the common shares, the amount attributable to the Replacement Awards that was previously recognized in contributed surplus is recorded as an increase to share capital.

For the three and nine months ended September 30, 2024, the Company recorded share-based compensation expense of $649 and $2,576 related to Replacement Awards, which is included in general and administration expenses (three and nine months ended September 30, 2023 - $2,778 and $8,692).

17. Loss per share

For the three and nine months ended September 30, 2024, diluted loss per share does not take into account any outstanding warrants, options, deferred share units, restricted share units or performance share units as their effect would be anti-dilutive for the period. As at September 30, 2024, there were a total of:

- 58,883,060 warrants outstanding (September 30, 2023 – 59,534,717).
- 32,662,946 options outstanding (September 30, 2023 – 20,753.653).
- 4,523,229 deferred share units outstanding (September 30, 2023 – 269,681).
- 2,195,734 performance share units outstanding (September 30, 2023 - 3,764,116); and
- 10,535,117 restricted share units outstanding (September 30, 2023 – 10,502,752).

19. Commitments and contingencies

As at September 30, 2024, the Company had one outstanding legal claim related to an employment matter. Since it presently is not possible to determine the outcome of this matter, no provision for this claim has been made.

20. Financial risk management

The Company is exposed to credit risk, liquidity risk, foreign exchange risk, and interest rate risk from its financial assets and liabilities. Financial risk management strategies are designed to ensure the Company's risks and related exposures are consistent with its business objectives and risk tolerance. There have been no significant changes to the Company's key financial risks or risk management strategies since December 31, 2023.

Currency risk

The Company's exposure to foreign currency risk was as follows based on notional amounts (all amounts shown in CAD):

As at		September 30, 2024		December 31, 2023
Cash	$	4	$	287
Trade and other receivables, net		2,376		-
Investment		2,428		3,642

Long-term debt		(35,145)		(25,667)
	$	(38,900)	$	(23,734)

Sensitivity analysis

A 5% strengthening of the USD against the CAD at September 30, 2024, would have decreased equity and increased the comprehensive loss for the nine-month period by approximately $1,945 (nine months ended September 30, 2023 - $283). A 5% weakening of the USD against the CAD at September 30, 2024 would have had the equal but opposite effect, on the basis that all other variables remain constant.

Interest rate risk

The Company's term loans are set at Bank of Montreal's Prime Rate plus 4.0% - 5.0%, and therefore are exposed to interest rate risk. The Company does not use derivatives to manage this risk. A 1.5% increase to the Prime Rate would result in an increase in interest payments of approximately $148 (nine months ended September 30, 2023 - $1,489) over the remaining terms of the loans. The convertible debentures are at a fixed rate of interest and therefore are not exposed to interest rate risk.

Credit Risk

At September 30, 2024, no customers accounted for more than 10% of trade accounts receivable, net (as at December 31, 2023 - nil).

The aging of trade and other receivables at the reporting date was:

As at		September 30, 2024				December 31, 2023		
		Gross Amount		Amount, net		Gross Amount		Amount, net
Current	$	5,720	$	5,720	$	5,956	$	5,012
Past due 1-90 days		1,983		1,213		2,966		1,941
Past due over 90 days		1,986		96		992		281
Assets reclassified as held for sale		(1,265)		(1,265)		-		-
	$	8,425	$	5,764	$	9,914	$	7,234

Specific provisions are made against trade receivables for any customer that is known to be impaired due to poor financial condition or for any other reason it is considered doubtful that the customer's balance outstanding will be settled in full. As a percentage of revenue, the Company's actual credit loss experience to date has not been material. The Company has recorded a cumulative expected credit loss of $2,661 with respect to trade and other receivables as at September 30, 2024 (as at December 31, 2023 - $2,680).

21. Financial instruments

Financial instruments carried at amortized cost:

The fair value of cash, trade and other receivables, notes receivable and accounts payable and accrued liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Convertible debentures were recorded at fair value on initial recognition. Factors impacting fair value, such as discount rate, have not changed materially as at September 30, 2024 therefore amortized cost of convertible debentures approximates fair value.

Long-term debt is subject to variable market rates of interest, therefore amortized cost approximates fair value.

The Company's title and closing services requires it to hold cash in escrow accounts that it does not own. Accordingly, cash held in escrow, including escrow receivables and escrow liabilities, are not recorded as assets or liabilities on the Company's consolidated statements of financial position. All cash held in escrow is deposited in non-interest-bearing bank accounts. The Company is the escrow agent and as such bears full risk of loss. As at September 30, 2024 the balance of escrow accounts was $1,176 (December 31, 2023 - $3,499).

Financial instruments carried at fair value:

Fair value hierarchy

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the significance of inputs used in making the measurements.

Classification of inputs for purposes of valuation:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 inputs are inputs other than quoted prices in level 1 that are observable for the assets or liability either directly (i.e., prices) or indirectly (i.e., derived from prices); and
- Level 3 inputs are inputs for assets or liabilities that are not based on observable market data (i.e., unobservable inputs).

<u>Private equity investment:</u>

In October 2018, the Company made an equity investment of $1,000,000 USD in a private New York based software company. The Company's investment currently represents approximately 8% of the total equity issued by the software company. On initial recognition, the financial asset was recorded at fair value. An election was made to classify the equity instrument as FVOCI. Under this classification, any changes in fair value are recorded in other comprehensive income with no subsequent reclassification to profit or loss. The Company made this election because the investment is not held with the intent of short-term trading.

The fair value of the equity investment as at September 30, 2024 was estimated using a market-based approach. Key unobservable inputs of the market value included progress towards operational milestones and growth of the client and market base. Due to the significant measurement uncertainty inherent in the valuation of this investment, the fair value could materially differ from that recognized in the Unaudited Condensed Interim Consolidated Statements of Financial Position.

The following table shows a reconciliation, in both USD and CAD for fair value measurements in Level 3 of the fair value hierarchy for the nine month period ended September 30, 2024:

(In thousands of Canadian dollars, except per share amounts)

	USD	CAD
Balance at December 31, 2023	$ 2,748	$ 3,642
Changes in fair value through OCI	(952)	(1,287)
Foreign exchange and other movements	-	73
Balance at September 30, 2024	$ 1,796	$ 2,428

The Company held no investments classified as level 1 and 2 of the fair value hierarchy in the three and six months ended September 30, 2024 and for the year ended December 31, 2023.
